Made for a younger audience like 5-6 yrs old. We gave it as part of a Christmas gift and the recipient liked it. Although the recipient said that some of these characters aren't even in Minecraft. What do I know? I saw it and liked it.

My 7-year-old is obsessed with Minecraft and the Stampy Cat youtube videos. She loves this book! She has worked in it every single day since she received it. It's a little thinner than I was expecting, but the content is good for a young one.

My 8 year old adores Stampy and anything related to him, which can be rather limited. As a grown up I'm able to see the seams and generic nature of the item BUT for an adoring child, she was absolutely elated. I liked that there were more than just a few pages. All around, an extremely excellent Stampy product.

Bought this as a gift for my little cousin and he really loved it. I flipped through it and there were lots

of different activities and I think it would be great to keep a kid occupied on a car or plane ride. Stampy Cat is a huge character on youtube and every little kid into minecraft really likes him, so it's a great present.

My son has been a Minecraft fan for years now and we just recently heard about 'Stampy Cat'. He loves this book and now his neighbor friend wants one too. Haha Good size book for the price.

I purchased this for my five year old. The activities are fun and interesting, every page is fully colored. I wish it had been a little longer though.

My kids are inexplicably obsessed with Stampy, they were thrilled to get the book.

My daughter loved this book. She went right to work filling out all the puzzles.
