Customer Reviews

This book is good, but not exceptional . 22 patterns is a tall claim. 22 outfits is more like it. Many of the designs are essentially the same pattern ; there are about 6 or 7 actual individual patterns provided. This is not to detract from the effort made by the author; it's a good book in its genre, but Girls Style Book is better . It has more individual patterns .

I haven't been able to make anything yet, but I am certainly looking forward to it! The styles are really cute, and I don't think I will have any problems with the patterns.

nice book
