The Cardboard Box Book

Synopsis

Don't throw away that box! Why not turn it into something amazing instead? This incredibly creative book shows kids that by using easy-to-find art and craft materials, the ideas, templates and stickers included in the book, and most importantly, a ton of imagination, simple cardboard boxes can be transformed into a robot costume, a princess castle, a circus, and so much more!

Customer Reviews

I loved this book. I want to do everything in it with my children. Me and my hubs are thinking of making the stove project for them for Christmas! such awesome ideas with hours of playing time. worth every penny!

Very creative and fun. As an adult I want to do all the projects, however some may be a bit involved for younger kids.

Great teaching tool. So many wonderful ideas to use and share. Great Value for all of its ideas.

This book is really cute and was fun to look through. I did like how it broke down steps to creating things from cardboard boxes, but my girls and I have had just as much fun without needing the

book. I am a former art teacher, so I am a bit more creative than most, so maybe this book would be more inspirational to those needing ideas? But I felt like each project was very time consuming, and if you're a busy parent, this book is not for you.

This was a gift and the kids AND mom were excited about it. So I hope to see photos of cardboard box creations soon.

great book inspires hours of play easy instructions but needs some adult supervision for the cutting of boxes
