My 8 year old is a goalie for our soccer team and she loved hearing about Hope's experience good and bad. It shows that the heroes are the ones that not just go through bad times in their lives but get through them.

I loved this book because of the detail and being able to relate to what she went through. I would recommend this book to soccer players and people that like drama.

The book is for my daughter and she is currently doing a report for school. She plays soccer and loved this book.

My daughters and I loved this book. It was a really interesting read. Hope Solo has had a lot of hardship in her life. It's amazing to see how far she has come. I came away with a lot of respect for Hope.

This book was the best book I have ever read! It was very inspiring for a goalie, and for people that are not goalies. I really love Hope Solo because she does not try to appear to be someone she is not. I think that this is really well written, it made me cry just because the author really shows Hope's feeling.

Inspiration for the first time in my mind of this article and her life of her own life story about how to go beyond the limits of what you think about the limits of her own life of her own words of this article.

I swim very long distances in Priest Lake. I sometimes think about Hope's troubled upbringing. I worked in juvenile corrections in California for fifteen years. I have seen a lot of Hope Solos who made much worse decisions. I am thankful that she found something to help her keep her head above the very troubled waves of humanity.
