Customer Reviews

My toddler is a big fan of the Five Little Monkeys. We were excited to find a Halloween book in the series. It was the perfect way to introduce our little guy to the concept of dressing up and trick-or-treating.

For any of you who have already read some of the books in this series, you will already know that anything in the series is a hit. For any who are not familiar, this is a great kid series! We have all of them, and I don't know a child who doesn't enjoy them! This is a very cute Halloween story, and includes recipes in the back of the book for the treats in the story.

My daughter loves the Five Little Monkeys books. I love them because they are perfect for early readers. This is the only one she didn't have, so it will be a nice Halloween surprise!

Absolutely adore the new take on this old story. We have majority of the series and working towards all of them. Our kiddo loves his "ooh ooh" books as much as we do!

Nicely designed book with a very cute story line. My clients enjoyed going through the book and picking out the particular monkey being described in Speech Therapy.

This book was delightful. My child loves the books in the five little monkeys series. This one didn't let us down, it was adorable, we read it a few times a day.

This is really cute book. I was surprised by how many pages it was. It is a thick book and what kid doesn't like 5 little monkeys!

My daughter loves the Five Little Monkeys series. This book is cute and we read it every night for the last couple of weeks.
