# Klutz My Fabulous Look Book: Fashion Drawing Made Easy Book

## Synopsis

Young fashionistas design their own outfits, makeup, hairstyles, and accessories atop lightly printed outlines of faces, figures, and fashionable extras. The grand finale is the section of keepsake album pages with die-cut frames, perfectly sized to display kids' best work.

## Customer Reviews

I got this for Christmas.... It has very useful tips and tricks, and the pages that you draw in are amazing!!!! I could never get the proportions right, so this helps a lot for anyone who is beginning, or just wants to have some fun:) The only complaint I have is that the pencils that it comes with are really bad quality, If you want really nice pigment then go out to a craft store and buy better ones.

I ordered this book for my daughter, and she loves it! It is an amazing idea and it is not just good for designing clothes and outfits, but I saw a big improvement in her drawings of people after buying her the book. When i first saw this, I thought it must be a rip off because it's so cheap, but it arrived in perfect condition and even came a day early! If you are thinking about buying this book, I think you definitely should.

My daughter 10 years old loves this book. She has not put it down since she has received it. The pictures shown in the book have helped her to draw her own design ideas and the great portfolio pages were easy for her to cut and tape in her personal designs.

I purchased this book in a local craft store but returned it because had it for 2/3 of the price. My daughter is a mature 11 yr old and spends hours drawing in this book. Well worth every penny I spent!

When I was inspired to start fashion design I was a bad artist, so what was I supposed to do? I looked for fashion design books and found this. It has tips for drawing and now I'm already a better artist. It also comes with some starting color pencils (which don't last that long if you are a frequent drawer like me) and many model outlines so your imagination can go free! I would definitely recommend this product to creative kids who want to be a fashion designer! This was better than I expected and I would buy again! :)

This book was made with my daughter in mind. She is really enjoying the fashion drawing. Good gift to any young girl who is interested in fashion!

Amazingly my 5 year old loves working in this work book... I think it can be for all age groups... I love that it has a look book for what you have made with frames in the back... Really cool!!

Both of my girls, ages 14 and 10, love this book. We purchased the first as a gift for one daughter, and after seeing all of the options for drawing faces, outfits and accessories, the other one had to buy one, too. Pages have multiple faces our outfits lightly sketched as a "skeleton" or starting off point for the artist, who is able to embellish and make each drawing their own. Hours of time is spent on this book at our home.
