Customer Reviews

The patterns are easy enough for a beginner looking to expand his/her skills but challenging enough for the experienced crocheter. I like that the author used readily available and economical yarns for these projects. My daughter exclaimed "I want THAT one!" with each photo we saw. Needless to say, I will be making each one for her! The photos, diagrams and instructions were all easy to read and follow. I would recommend this to anyone who wants to make lovely and different garments for their little girl.

Absolutely LOVE the book. Have made 2 of the projects already and can't wait to start another. Easy to follow directions. Beautiful end product. Love it love it love it!

This booklet has really cute crochet sweater patterns for girls from 2-10. I really like the range of sizing because it can be hard to find stylish patterns for girls over 6. The patterns are clearly written, with good diagrams and pictures.

The patterns are easy to follow, and the pictures of the clothing are great because you can see what the item should look like if you do the pattern well.
