Color Counts: Fairies

Synopsis

Filled with original, hand-drawn illustrations of fairy scenes, these coloring pages incorporate the color-by-number concept. As you color, fantastic hidden images reveal themselves. Once you've completed the numbered designs, try the un-numbered version of the illustration to add your own unique style. Each design, printed on artist-quality paper, creates a frame-worthy finished product! Includes 23 perforated pages including 8 fold-out pages that extend to a 10" x 15" size.

Customer Reviews

I love these Mindware books. This one was way more intricate than the others I have, and the spaces were tiny, so I think a younger person would have a problem staying between the lines. I have not been disappointed with any of these Color Count books. I will be 70 years old this year. These books are good therapy physically, and mentally, and a great recess from stress. Coloring was fun at 7 and "funner" at 70.

LOVE THE BOOK!!!! KEEP UP THE GOOD WORK

Numbers too light and too small
