Customer Reviews

I'm not sure how DK levels their reading books. I expected about a 2nd grade reading level, but there are many words that my struggling 6th grade student, who reads at a second grade level cannot decode. A bit disappointing..

My kids love these books! They love finding out information on their favorite wrestlers and they are easy to read, so they will actually sit down and read them.

My nephew loves this book. Be aware there are some challenging words for a seven year old but because he knows the sport learning the words were exciting.
