- Comes with a nice plastic base that has a stand that props up the calendar at a 45 degree angle if you don't prefer it flat- Has quotes from season 1-9 and does not have more quotes from one season than another- Plenty of early Office quotes (season 1-3)- A must have for any office fan- Goes great with my Dundie, World's Best Boss mug, The Office sign, and Office monopoly

This is perfect for any individual who loves The Office tv show! I bought this for one of my very dear friends as a gift for his birthday. He is an avid fan of The Office and has many knick knacks and home goods themed from The Office television show. It was perfect and just in time for the new start to the new year. Long story short, he absolutely LOVED it and agreed the calendar has all the best The Office quotes so you can have a good laugh every single day of the year or binge flip through the pages and crack yourself up.

I'm a HUGE fan of the office and so is my boss so I bought this for him as a gift. Each day has a

funny quote from each character in the show. It's small and compact so it's perfect to fit on an office desk and it is very entertaining.

My niece requested this for Christmas and was thrilled with it. The quirky humor of The Office on a day to day basis...what could be better? Item was received very quickly and brand new as described. Excellent!

Is it sad to say that my daily quotes from The Office is the best part of my work day? Because it is. Perfect to go right next to my computer because I can see the date displayed clearly and if I need a laugh during the day I can re-read the quote because they are always funny and entertaining if you watch the show like I do. I do wish that there were pictures or some sort of color instead of black and white but I still love this calendar!

THE OFFICE 2014 DESK CALENDAR is a desk calendar that features a different quote from the show for most days of the year. There are quotes from all 9 seasons of the show, but there are a good number of quotes from the first four seasons of the show. Great desk item for anyone who is a fan of THE OFFICE.

The Office is easily in my top five most favorite TV shows, so when I saw this calendar, I bought it immediately....not a good idea. This calendar is simply a quote per day. You might be the kind of person who likes that, I'm not. For one thing, quotes outside the context of the show just aren't that funny. Now, I've watched the entire series about 4 1/2 times, and while I remember the context of the quotes...it's just not the same. Plus, I know these quotes! I know the show in which they were said, and I can promise you that these quotes have been added to! After I received the calendar, I flipped through it and I kept thinking, "he said that, but not that!" All this might not be a big deal to you, but hey, why buy a calendar of a TV show if you aren't getting the real thing.

First off, I love the Office. I've seen the entire series about 3 times now. But, it would be nice if this had quotes for every day. Saturday and Sunday count only as one quote.
