# I Can Make Musical Instruments (Makerspace Projects)

## Synopsis

Making music is fun, but it's even more fun when you make the musical instruments, too! Readers follow a series of step-by-step instructions to create their own musical instruments, such as bongo drums, tambourines, and guitars. Each step is presented to readers through clear text and detailed photographs. Accessible language and a colorful design help replicate the feeling of a makerspace, a place of creativity where people learn together. Learning to make a variety of musical instruments is a fun way to foster that sense of creativity in readers.
