Woodwind (Musical Instruments)

Synopsis

This is a modern music resource that classifies each musical instrument according to its traditional groupings of the orchestra. Each title focuses on one instrument to show the characteristics of the group. The series also emphasizes the multicultural context of these instruments. Fresh new design makes the information more accessible. Diagrams and artwork show how sounds are made by each group of instrument. Activities give children the chance to put what they have learnt into practice. Teacher's notes are now available.
