Grade Level: 3 - 7

Customer Reviews

Saint Ignatius of Loyola: Leading the Way presents St. Ignatius' biography in the format of a graphic novel. It begins with the Suscipe prayer, which is a prayer asking God to receive us and everything we are. The story then starts with St. Ignatius' birth and quickly jumps to his military escapades. He was an able soldier and a skilled diplomat but was injured to the point of death. Fortunately for him, St. Peter appeared to him and healed him. However, in a gruesome turn of events, one of his leg was shorter than the other, but he ordered it to be re-broken and set to the length of his other leg. It was during this recovery that St. Ignatius began to turn away from the world and toward God. Besides learning about St. Ignatius' life, your child will also get a brief introduction to the Spanish Inquisition, discernment of spirits, Ignatian spirituality, and the founding of the Jesuits. Like its counterpart, Saint Francis of Assisi: Messenger of Peace, this book is well-illustrated and does a fine job of making the stories of saints interesting for your young readers. It also does a fine job of showing your kids how a person's life and attitude can be changed with God's help. With the action of fighting in battles to start the story off, it will surely capture the attention of young boys.

My children read and re-read this book. Pauline books and media have like 10? more Catholic saints COMIC books that you don't find in .

Good for older kids, maybe 8+ years old.
