Fun With Modeling Clay (Kids Can Do It)

Synopsis

Internationally recognized artist Barbara Reid reveals her secrets for turning lumps of modeling clay into fun, fantastic pictures and characters of all kinds. Easy-to-follow illustrated instructions in this book in the Kids Can Do It series show kids how to make a zoo full of animals, a rocket launch pad, a 3-D prehistoric dinosaur hangout -- and much more! All they need to get started is some modeling clay (any kind will do), a few easy-to-find tools, a good imagination and these helpful tips from an expert.

Customer Reviews

Described basics things, plenty of ideas, however I miss a little bit real basics - how to get to final product. I needed a bit of experience from elsewhere.

A lovely book with great graphics, illustrations and easy to follow instructions. It is an excellent resource for any home or school library. I purchased it for my daughter as she will find it useful as her preschoolers continue to develop and as an aid for many art projects. Even useful in decorating cakes if one needs an idea.

An excellent book to help children learn how to illustrate a book with modeling clay. Easy

step-by-step directions. Related book where illustrator uses modeling clay: Papa Diego by Benjamin Saenz, illustrated by Guillermo Garcia
