Grade Level: 5 - 9

Customer Reviews

If you are a sports enthusiast and you like drawing, this book is for you. With this book, you draw not only the human players, but you also draw the objects the use in their games. Now isn't that a cool thing?

I purchased this book for my 8 yr. old grandson who loves drawing sports and action figures. The instructions are clear and simple and the figures are very creative. He has already improved his drawing technique and is trying new ideas and styles. Good for beginners as well as more advanced artists.

I was having a hard time finding suitable figure drawing books for children and this book does the job. The focus on Sports is important to many children and I like the way Damon talks about and approaches each human body sketch.

Students love using this book, especially the boys.

great book. easy to follow. my son loves it,
