I am so happy that they came up with this idea. It's so cute. The girls get a chance to fill in the blanks with that they want to put in there. They can be creative with it as well. I got this for my 9 year old daughter and glad that she fills some of her time with this book. Can't wait for more releases from this author.

I bought this for my 6 year old daughter for Christmas. She LOVES it. It took her 5 days to sit down with it, but now that she has, she has worked on it, independently, for over 2 hours, non-stop. I guess the down side, for some might be that she's nearly finished with it in those two hours. But really, what is that, \$4.50 or so per hour of non-media entertainment, of her thinking and writing and

drawing, completely worth it, every penny! Anything that can keep my wiggly, energetic girl engaged for that long, is 5 stars in my book.

My 7 year old daughter has read the whole Ivy and Bean series so we got her this book and she absolutely loved it. Kept her busy for hours and this will be something I'm sure she will enjoy looking back at when she's older.

We have enjoyed reading the Ivy and Bean books aloud as a family - so this was a natural choice for a Christmas present for my 7 year old. She loves this journal style book and has started completing it already.

My niece loves Ivy and bean. I gave her this book for her 10th birthday, and she loved being able to participate in "making this book". This Ivy and bean book was "Super Fun" my niece said because it gave her a chance to be part of the story building process.

I gave these books to twins that I am tutoring in reading and writing and they LOVED it!! What a GREAT way for them to write in a fun and entertaining way!

Bought this for my 8 year old granddaughter and she loved it.

This book is adorable! I got it as a birthday present for my niece (turned 7) and she just loved it. Every page has super cute questions to fill out alone or with a friend. It was perfect!
