Burning Up: On Tour With The Jonas Brothers

Synopsis

Burning Up: On Tour with the Jonas Brothers is your backstage pass to life with Kevin, Joe, and Nick Jonas. It includes never-before-seen photos of the Jonas Brothers' Look Me in the Eyes tour and exclusive images taken during Hannah Montana & Miley Cyrus's Best of Both Worlds tour. You'll get a behind-the-scenes look at the band warming up, performing, and having fun backstage. This sizzling souvenir will also give you a glimpse of the downtime that the brothers have between gigs. In addition to pictures of the group laying down tracks at the recording studio for A Little Bit Longer, giving radio interviews, and sight-seeing in London, you'll see snap-shots of them bowling, racing Go-karts, and playing video games with the Bonus Jonas, younger brother Frankie. The dynamic photography is accompanied by a candid narrative by the Jonas Brothers themselves, chronicling their life on the road and their experiences growing up in the music world. They discuss everything from the songwriting process to the importance of family to their favorite kind of ice cream (Kevin's is rocky road!) So pick up your guitar and get ready to strum along--you're going on tour with the Jonas Brothers!

Customer Reviews

In the mood for some light reading, I picked up Burning Up: On Tour with the Jonas Brothers. The book covers the highlight of the bands career in 2007. When it was first sold at Wal-Mart you would have had to pay the full \$21.99 for it, but now in 2011 my sister found the same book for a flat rate

of \$3.00. Good deal. I had expected the book to contain nothing but pictures, but I was surprised to find legitimate bio pieces. Joe and Nick Jonas had plenty of background information of themselves, while Kevin Jonas lacked a lot of detail. From what I read I can conclude that Joe Jonas is my favorite Jonas brother. The brothers mention playing at the Texas State Fair. It seems as though all artists are overwhelmed or surprised when they come to perform in Texas. Always expect a big crowd from Texas. Expect the heat as well, especially in the summer. Then the Brothers mention their memorable performance at the American Music Awards. I don't guilt Joe for falling. It was inevitable. The special plate glass prop was never done before and was a new concept to perform with. He handled the situation well when he got back up. Throughout the book, sleep seems to be scarce or greatly appreciated by the band. I can only imagine how tiresome being on tour is. Aside from touring they have to attend interviews, talk shows, and parades. These events always take place early in the morning. They participated in the Macy's Thanksgiving Parade twice. I'm surprised the book hardly mentions the band's mother. There is a brief paragraph where Joe says his mother tells him to put on his jacket because of the cold weather. Joe disobeys his mother and removes the jacket because he rather look good for pictures. Tut-Tut. The brothers visited the White House when it was under the Bush Administration.
