# My Even More Wonderful World Of Fashion

## Synopsis

A new interactive colouring book for fashionistas of all ages, *My Even More Wonderful World of Fashion* is packed with more beautiful and sophisticated illustrations specially created by illustrator Nina Chakrabarti. The book encourages creativity, with illustrations to colour in and designs to finish off, as well as simple ideas for making and doing (how to make a sari, turn a napkin into a headscarf or dye a T-shirt). Covering clothing, shoes, bags, jewellery and other accessories, the illustrations span both vintage fashions drawing on beautiful and interesting objects through the ages and contemporary invented designs from the illustrator's own imagination. 'Did you know...?' features, giving brief historical notes, encourage children to be inspired by history and by the fashions of other cultures. A wonderful celebration of fashion, the book will appeal to fashion addicts from 8 years upwards.

## Customer Reviews

My daughter saw this book at a chain store and wanted it. I found it cheaper here so I ordered it for her. She is 10 and found this entertaining. She really enjoys the activities. I like that the book survived her locker and her school bag without looking like it has been around for centuries. It's a good quality book and would make a great gift.

The quality of the paper is similar to construction paper. The drawings are also very bulky and not detailed, perhaps suited more to crayon coloring than coloring with colored pencils or markers. Perhaps suitable for those 8-10 years old but that's about it.

Great for anyone who has a great imagination and loves to draw! Thank you- great transaction- My daughter loves it! Quick shipping, reasonable price for product and shipping- I would recommend to a friend.

This is a wonderful concept! We bought it for our 6 year old as a gift. She is just starting to really enjoy coloring and fashion. However, the fashions in this book are outdated - think 1970s. As an adult, I understand their origins, but not so much a 6 year old.

This is our second edition of My Even More Wonderful World of Fashion, and my daughter is NOT dissatisfied! Great way to pass the time when friends aren't available. I highly recommend.

I got this for a little girl who loved the first volume of this "series," and she was thrilled when this edition arrived. She spends hours working on her creations. A great find.

Fun book made the perfect gift. Love the fact that its materials make it feel very expensive. Very nicely done and made a great present for someone who has everything.

This is a great book for drawing, coloring and overall design enjoyment. Coloring is my "me time" and this book is wonderful for that!
