Customer Reviews

My daughter loves these books. I bought this for her because she has the whole series except 2 of these. She was so excited to read it and finished it in 2 days. It's perfect for a late 1st grader who loves to read or 2nd grader. I taught both and this book is about a level K.

Great book for my 2nd grader. The stories are interesting and include a great group of strong female friends who support each other and help those around them.

Thus book was a Great book. I loved the incorporation of the real problem with snow leopards. All through the book, I used my imagination of defeating the evil men. I thought the book is great to

incorporate different "kingdoms". Examples are China, Tibet, Brazil, Australia, Africa, the Caribbean and more

My daughter, age 7, absolutely loves these books! She reads a couple chapters each night in bed with a booklight and this is one of her favorite series!!

I have an 8 and a 7 year old who really like these books. They are a bit on the lower side of their reading level but they like the stories. My 8 year old can read 2 of these a day.

When they saved the snow leopard. When they gave the ice diamond back to the king. When the ice diamond made them strong.

My 8YR old says.... "It was Unique and exciting. I love that the Princesses rescue animals. Someday I want to rescue animals."

My daughter loves all the books in this series! I would suggest 2nd-3rd grade level for independent reading.
