Reviews "immensely enjoyable" ForeWord Clarion Reviews "for children who enjoy lingering over pages full of magical creatures and whimsical details [...] told in simple and engaging words and imaginative pictures." Kirkus Reviews "a fantastic book that has enchanted me" Customer Review "We are in love with this book! [...] As an artist, I love love LOVE the art in this book, I think its not only beautiful, but perfect for children. My son spent a lot of time just studying every colorful page. We read it twice in the first sitting because he was so happy! He's not yet 1, so getting him to sit still for story time is tough, and this book was such a hit he sat through it with nothing but a big smile and lots of pointing to the stuff he liked on the pages. I highly recommend this book :) Get it get it get it!" Customer Review "Written in a very simple way but with a profound message for both adults and kids." Customer Review "I LOVED it. Lots of repetition to help 'lil ones get used to structure and words! Many different words being used to help them improve their vocabulary (or pick the best word!). Most importantly, it sends a good message about how being unique and different is good. I STRONGLY suggest you check this book out!" ESLCarissa.blogspot.com "readers will emerge from this book feeling slightly more confident about themselves whatever their size." ## Customer Reviews

This book is perfect for anyone who is learning or can already speak some Mandarin. I bought it for the little boys (4 and under) that I nanny and teach Mandarin. They love the pictures and the cute story. It allows their parents, who don't speak Mandarin, to read it to them when I am not there because also includes pinyin as well as English. I wish I could find more books just like this because I would buy every single one.

No one can learn Chinese from this book. I know traditional Chinese. However, the content is totally lost in translation!!!! Illustration is not bad. However, text that conveys the idea totally lost its audience...not sure which age group this is for??? If you want your child to learn Chinese this is NOT it whether you are a beginner or advanced :-(
