# Fractal Cuts

## Synopsis

The fractal cuts in this text are used to create attractive pop-up cards. Each is made from a single sheet of white paper cut according to a fractal rule and glued within a brightly coloured cover.

## Book Information

Paperback: 96 pages

Publisher: Parkwest Pubns (February 1994)

Language: English

ISBN-10: 090621288X

ISBN-13: 978-0906212882

Product Dimensions: 0.5 x 8.5 x 9.8 inches

Shipping Weight: 12.3 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #314,989 in Books (See Top 100 in Books) #25 in [Books > Science & Math > Mathematics > Pure Mathematics > Fractals](#) #57 in [Books > Children's Books > Education & Reference > Math > Geometry](#) #564 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Papercrafts, Stamping & Stenciling > Papercrafts](#)

Age Range: 9 and up

Grade Level: 4 and up

## Customer Reviews

Took me awhile to figure this out. Can't use what's in the book so I have to photo copy. Otherwise it would be gone.

There is NO other book like this out there. It's excellent. My daughter and I are obsessed with fractals, and this book gives you so many ways to make and share them. It was perfect for my homeschool curriculum and for math classes I teach, not to mention crafting really awesome greeting cards!

This is a wonderful book that will help older children & adults alike make interesting geometric pop-ups. Though the designs are complex & take some patience, they are definitely worth the effort. The book starts out by explaining fractals & teaching how to draw some of them. Ten card projects follow grouped from easiest to hardest. You are supposed to cut up the book, but you can make copies if you want. Clear, step-by-step instructions & a template are given for each card.

Pages with printed patterns that can be cut & used to make the cards are also included. For each one, ideas to make the card fancier are shown. Making these cards truly brings a sense of accomplishment. They also make beautiful & unique gifts. I have given them to many friends and they have been very delighted & impressed.
