Connect The Dots: Planes, Trains, & Automobiles

Synopsis

Here's an idea: instead of giving chocolates and flowers on Valentine's Day, why don't you give your children this activity book? It's a cool activity that will make them feel the beauty of the celebration. It will also make them fall in love with learning even more. Encourage your children to get a copy and answer the activities today!

Customer Reviews

This book consists of 10 connect-the-dot puzzles, 10 pages at the back that display each puzzle and its solution, and 41 images to color. The coloring images are on "bleed-through" pages to allow the child to use markers. The title of the book implies that it includes many connect-the-dots pages. I purchased this for my grandson who loves to complete connect-the-dots. He does not enjoy coloring books as much, since he likes to create his own drawings. I was therefore disappointed to discover the actual content of the book. The images are clear and the bleed-through pages are helpful. It is simply not what I had expected.
