Minecraft: Combat Handbook (Updated Edition): An Official Mojang Book

Synopsis

Revised edition with the most up to date stats, info, and sixteen pages of brand-new material! In Minecraft, you're never alone and the threat of attack is constant. How will you survive? The Official Combat Handbook now has sixteen additional pages with brand-new content. This book will teach you everything you need to know to defend yourself from hostile monsters and enemy players. You can learn how to build a fort, craft armor and weapons, set mob traps, defeat your enemies in one-on-one combat, and battle your way out of the Nether and the End. With tips from Minecraft experts, developer Jeb, and creator Notch himself, you'll be a Minecraft warrior in no time!

I bought it for my daughter who's hooked with this game. I really don't like the blocky look of Minecraft (I'm a PC gamer myself) so I don't really have anything to say about it. And since this is about the book, not the game, for what I've gathered from her, it is as she puts it... "awesome".

This book is all about combat and mentions enemies weak points and your weapons durability and how much damage it causes. The book covers all mobs that are hostile towards the player and provides tips on how to win against them. The book also covers armor and the mechanics of the

percent of reduced damage whenever the character wears certain armor! Not only that, but the books also provides information on how to brew every potion in Minecraft step by step! The book will also give advice on how to get the edge on fighting with other players in Pvp or player vs player and how to protect your home from online players being able to grief you. Its a great guide that covers more than combat and also mentions what villagers trade and which seek certain items to trade over others. In my opinion, this book deserves a 5 star rating!

My kids love these books. I'm not sure if they have read it much or just got excited that they had a book that has minecraft information.

Minecraft rules in our house lately with my two little men - ages 7 and 9!! They begged for this book and it did not disappoint. This is the updated version and according to them there is plenty of new stuff that it was worth using their allowance money to purchase even though they have the original version as well! They will be saving up to buy the rest of the updated versions. They give this one 2 thumbs up!

My son is obsessed with Minecraft. Me I don't know much about it lol but he was ecstatic when he got this yesterday and it has not left his side yet. It is hardcover and a perfect size for little hands. It has everything you need to know about the Minecraft combat stuff with pictures. He's teaching me some but it's confusing for the adults who don't know anything! Lol All I know is that Minecraft fans will love it.

My 6 yr old can't play Minecraft yet (have told him he has to wait) but loves the book. Its properly sized and suitable for little hands. Now he wants the other in the series, hmmm need to think about that. I don't understand Minecraft (too old for that) but son loves things about it. So must be good. If the kids happy, I am happy.

great book. Excellent service from seller. highly recommended

My kid loves it even though he barely plays the video game. The quality of the book is great. It's hardback and there are quality pictures.
