Customer Reviews

I was looking for some activities to do with young children in Church and with my young children at home. This book is a good resource. There are copy pages and ideas that cover basic Christian stories and concepts. This is appropriate for young ages, I'd say four and younger. I think with children older than that this would be too basic. Enjoy

This book is so-o-o helpful and perfect for preschoolers. The crafts are fun and creative and each one has patterns to copy and cut-out

After reading reviews I thought this would be an ideal reference and utility. I wasn't as impressed with content. It is still a good book, but I was hoping for a greater number of ideas and breadth of coverage.

This is a great craft book. It includes patterns and easy to follow instructions. I highly recommend it.
