Customer Reviews

My boys LOVE these books! It's perfect to introduce to children around 15 months. I bought them for a recent trip and gave it to them to "read" on the plane. I didn't give it to them before the trip because I wanted to make it something "new" for them. They spent 30 minutes just sliding, pulling, pushing, etc all the neat little elements in this book. I like that there are no flaps. Older kids might like them but for my 15 month olds, they just like tearing flaps. You do have to supervise them while reading the book to make sure they don't pull the tabs out too hard. Overall, it's very sturdy!
