The Caboose Who Got Loose (Book And CD)

Synopsis

Katy caboose doesn't like her life at the back of the train. Stuck with clouds of billowing smoke from the engine and a bumpy, jolting ride, she longs for some peace and quiet. When her rusty bolts bust loose, Katy finally gets the life she wants in a way she never expected! This Read-Along Book and CD Favorite includes a paperback edition of the book and a compact disc in a newly designed reusable package. Perfect for car trips, classrooms, and bedtime listening, these recordings feature lively sound effects and original music. The CD includes one reading with page-turn signals as well as an uninterrupted reading.

Customer Reviews

We stumbled across this book on our treks to the library with our two year old son. This is one we have to get out EVERY time (along with Josephine and Jennifer, by the same author), if it is available -- and it is a big disappointment if it's not. The author uses a very clever, unforced rhyme throughout the book, that seems to have the rhythm of the train itself. Caty the Caboose has her own personality, and lives in my son's play life (he talks about her alot), even weeks from his most recent "reading." Now that we have discovered where to get the book, we are buying it, for sure

My son (four) brings me this book almost every night. Fantastic pictures and a great rhyming story with fabulous descriptions. This is the best train book we've found so far and are going to try other

books by same author.

My wife and toddler accidentally found this in the library (he's a choo-choo junkie...), and we all just love it. Highly Recommended.

Wonderful story, great illustrations. I agree with most other comments already posted. In addition to two versions of the same story (with and without the 'page turning' signal), the CD also included a bonus story about a dog who does not want to be a dog anymore,.... it wants to be a horse! And a funny witch is ready to help change him into something new. This bonus story is along the line of "grass is greener on the other side" of the Caboose story, but it has completely different characters, it is hilarious and great story that I never heard of.

We received this book as a birthday gift, and what a gift it has been! The prose is so melodic you can almost sing it as you read. You can use so much inflection which makes the story even more fun! We immediately bought Smokey by Bill Peet for our little train lover as well! Highly recommend these books for kids as well as the adults who read them!

This is a book that is very close to my heart. As a child, I would always pick this book for my mother to read to me. I still have the book and have since introduced it to my nieces. The artwork is beautiful and the story is timeless. I highly recommend this book to anyone with children. I'll always remember the last line, "Yes indeed, oh indeed, oh indeed, Katie did".

I read my son lots of books and this is by far the best! The wording is fantastic! I never skip a page :-) when I read this book and the pictures are fantastic!!!

This is a children's book with a complete plot, in rhyming prose, like no other! It deserves to be a classic on every American boys list. Featuring a caboose that transforms above regretting her role, and then obtains her ideal. With a full double-page drawing of like say 10 workers rehabilitating a locomotive! How could it get better than that! Warning: my 2 year old Thomas-lover won't let us put him to bed without reading this book, too. 2nd Warning: the same 2-year-old is petrified of the picture of the searchlight shining on the moose on the second to last page. He makes me try to skip that page. Something about the expression of a moose in the headlights that bothers him, I suppose.
