## **Customer Reviews**

This quilting block and pattern-a-day calendar for 2007 was a Christmas gift. When 2008 rolled around and the 2008 version was not under the Christmas tree, I missed it so much I had to buy it myself. There are many quilt patterns for both small and large quilts, one block on each day's page. So many ideas for designing original quilts. If you're a quilter (beginner or advanced) you'll surely enjoy studying the blocks and letting your imagination take over!

I was given the 2006 version of this product by an Aunt and loved it. This year I was talking to a Quilt Buddy who enjoyed this product in the past so I surprised her with the 2008 version. She enjoys it and has it displayed on her desk at work it sure brightens up her day as she pulls up the new day's block. I bought one for myself also. It is fun to see what new block each day brings and it is a wonderful source of inspiration to help get out of your comfort zone of block making and try new blocks and techniques! There are great instructions and helpful hints and tips to help any Quilter advance their Quiltmaking skills.

This calendar offers great quilts, blocks, and inspiration. They have made many improvements

since they first started putting this out. The only thing that I'd like to see added is actual templates for applique blocks.

Not as much instruction with the patterns as I had hoped but not bad for a calendar
