The Bunny Rabbit Show!

Synopsis

You've got front-row seats to the cutest revue in town! Hop on down to The Bunny Rabbit Show! The latest addition to Sandra Boynton's phenomenal bestselling Boynton on Board series, this book stars a cast of high-kicking bunnies performing in perfect unison to a lively song all about . . . them. We are ten terrific rabbits And we like to dance and sing. Ten terrific rabbits. We can do most anything. Bunnies are very welcoming, so everyone (Boynton's pigs, sheep, chickens, and YOU) can come join the chorus line—bunny ears mandatory, of course. Available for download will be an exuberant original song by Sandra Boynton and Mike Ford.

Customer Reviews

This book is totally hilarious; I, at 45, was cracking-up when I first read it. My daughter, 2, loves bunnies, so that is why I got it. I have read about 9 Boynton books, and this is my favorite, slightly above "The going-to-bed book," another one I highly recommend.

I love Boynton books. We have about a dozen now for our baby. This one is still good, but not as good as the others (e.g. Going to Bed Book, and Hippos Go Berserk). It may be because of the need to sing it as oppose to read, which make it feel like you are rushing through it, and I like to read somewhat slowly to our baby.

I love all of her books, and this one doesn't disappoint. My 8 month old twins were enthralled with the rhythm and syncopation, and I don't even know the music! You can download the song version, but it's just as much fun to make it up.

I am a huge fan of Sandra Boynton books and am always looking for ones to add to our collection. This book does not disappoint. My children love the song and love that we could download it and play it on the computer when they want. I love singing it to them instead of reading and it has become a daily read in our home!

Another whimsical and wonderful toddler book by Sandra Boyton. Best read in a sing song voice. My 2 and 5 year olds love this book and my 11 year old loves reading it to them. I highly recommend. Very sturdy board book.

I would love to give this book 0 stars, mostly because my two-year-old daughter frequently requests it as a bedtime "song" when stories are done and is irritated that I haven't memorized it...but she loves it so much I have to give it a five. On the plus side, it's easy to sing, has spots for good dramatic pauses and exaggerated solos, and you can do it at top speed if you've already read 7,000 books in an evening.

This book is adorable. I love Sandra Boyton. She makes me come up with fun melodies to sing to my son, and he eats it up! This book is especially fun. If you want to change up your reading game, definitely nab this book! Its a keeper :)

I love Sandra Boynton books. LOVE LOVE LOVE! You can read Bunny Rabbit Show, you can sing it...you can dance to it! It is just absolutely adorable in general. My baby has loved every single book by Sandra Boynton. She often stops me in the middle of reading them to give me a big grin before she lets me continue on. This would make a great gift and as a parent, I don't get tired of reading the Bunny Rabbit Show! It's fun for both of us and really promotes bonding time.
