This book was great fun! My two oldest children love the show and the books. This book was picked by my son but both he and my daughter loved it. The story follows closely one of the stories in an episode. It is fun watching the interactions between Max and Ruby, as Ruby tries to get them to do a painting for Grandma's visit and Max keeps trying to head outside. Join in the fun.

My son LOVES Max and books and show.... I think this book would be a perfect beginning to read book! It was so cute and I can tell kids would love it. The illustrations of little bunnies will attract kids attention. A lot of kids have probably heard of or seen the TV show Max and Ruby so I think they would love this book because it is a way of having one of their favorite TV shows incorporated in their classroom.

My daughter loves Max and Ruby! The books are great and are getting my 3 year old interested in reading!

If it is a Max book, we love it! Have been reading Max books to my children since my son, Max, was born in 1988. Now my two year old grandson enjoys these delightful books.

We love Max & Ruby in our house and this book was a great addition to our collection! We especially love the sparkly glitter rainbow in the front cover!

My Pre-school class was learning about rainbows and the colors. They were learning the rainbow song and I felt this was a good addition to the theme.

My 2 year old daughter loves this book! She has read it with us so many times she knows the words to the book.

Nice book about colors. My children ages 2-5 ask to hear it again and again.
