The Gingerbread Man Loose At The Zoo

Synopsis

Is there anything more fun than a class trip to the zoo? The Gingerbread Man and his classmates don't think so, and they get to solve riddles on a WILD scavenger hunt. They meet giraffes, monkeys, and even a fox (especially scary for a Gingerbread Man!). But a zoo full of critters is a tricky place for a tasty cookie—even a very fast one—and the Gingerbread Man ends up separated from his friends. He needs to solve all of the riddles to catch up with his class and help someone else who is lost. I'll be a detective. I know that I can! I'll solve all these clues. I'm the Gingerbread Man! Animals galore and a trail of clues make the Gingerbread Man's latest adventure his wildest one yet.

Customer Reviews

Normally, when a book is the fourth of its kind in a sequel, you aren't sure what you'll find. But in the case of The Gingerbread Man Loose at the Zoo, a true gem is found in what I believe is the best of the series yet! There is so much to love here. With so many young students studying animals as part of their science curriculum and making field trips to the zoo, this text scores high for relatability and core content. And let's face it, interest in animals begins at a very early age for most kids. The flawless rhyming text and the riddles provide prediction clues and exciting page turns that will foster higher levels of engagement. What a challenge it can be to write an engaging story arc and also

make a game out of it for children! Author Laura Murray showcases the best of her writing and Mike Lowery's incorporation of comic book panels transform the illustration into something new, action-packed, and suspenseful.
