Customer Reviews

This is a terrifically pared down version of the cartoon episode of the same name. It leaves out the scarier and harder-to-understand [for young children] elements of the story without actually changing it, and the sentence structure and choice of words is short, simple and perfect for the age group it is intended for. I can honestly say that I would be thrilled to share these books with my baby brothers, especially since I know they'll actually understand what they're reading (unlike a great many 'childrens' books today).
