Customer Reviews

The books are for young children, which was my target audience, but they are so small it was difficult for them to use. The print was hard to read, difficult to use for activity. They lost interest quickly.

These are great. Carry one in my purse at all times!! Makes a great distraction if out to eat or my kids start getting cranky with each other. Have ordered many different ones!!

My 6-year-old granddaughter loved this book of dot to dot pictures. These books will be great when they visit on a snowy day! Nip that "I'm bored grandma," in the bud!

We love this little book! It is just the right size and level for my five- and six-year-old, and the dot-to-dots turn out really well when they're done.

My almost 5-year old and 6 year-old love these. The size makes it easy to take in the car/on trips, and the price makes it easy to buy lots!
