Customer Reviews

My daughter LOVES this book! She doesn't like to read because she has a hard time sometimes, but I can't get this book out of her hands when it's time to go to bed. She learns to spell and think a bit. Some of the words are spelled in British English, like colour instead of color, but that was also interesting for my daughter. Also, some of the clues are kind of obscure (a hood of a car is now a bonnet for example) but that is also educational. Buy this for sure if you love your kids!

I sent them to my 10 year old granddaughter. All I can say is that she likes them a lot!

Eh. This book is about the size of a postcard. It's a seriously COMPACT book at a relatively LARGE price.

My grandson loved the puzzles.

SO SO
