Russian Face To Face: A Communicative Program In Contemporary Russian (Bk. 1) (English And Russian Edition)

Synopsis

Written for beginning Russian students Russian: Face to Face (Morris, Vyatyutnev, and Vokhmina) applies the latest in communicative methodology and is illustrated with up-to-date photographs, drawing, realia, and maps. Twenty chapters at each level help teach a wealth of language functions that develop and expand your students' ability to communicate in a range of situations. The fully integrated components "including textbooks workbooks, audiocassettes, and videos" forms a proven program that develops communicative skills. It is 496 pages in length.

Customer Reviews

I found both this book, and the Level Two edition (called Intermediate on) to be very good. I lived in Russia for about 6 months, and before and after this I used these books to self-study Russian. I tried a number of other books, both easier and harder, and found this one worked the best for me. It is a good mix of vocabulary, grammar, and a holistic approach to Russian which I enjoyed. It is easier than the college textbooks I worked with, and provides more stand-alone exercises to drill in the material. With the more advanced textbooks I tried, they provided too many rules too quickly and not enough drills to force you to memorize them. In a classroom environment this might be ok, but for me this approach worked much better. The book is geared to a young audience, probably mostly high school students, but not annoyingly so. You can also get tapes with both books. These are a bit pricey, but useful for doing the listening and pronunciation drills.

I bought this book for my Russian language course and am very pleased with the ease of the

content. I had some self study in Russian but was unable to make a lot of progress, with this book and the workbook I find it very easy to learn Russian. However, I must say that if you are not committed to learning and spending the time to do so it will be aggravating, so believe in yourself work hard and you can have a lot of fun. I made flash cards of the Cyrillic alphabet with the English sounds on the back to help learn pronunciation. Good luck.

This is a standard level one foreign language text. It gets five stars because it met my expectations. For a more detailed review, please see my review of the workbook with the same title. -Ms. Book Worm

Came in reasonable shape for what I paid. Materials themselves are good for learning Russian.

Item as expected. Satisfied with purchase.
