Age Range: 3 - 7 years

Grade Level: Preschool - 2

Customer Reviews

I purchased this book for my Bubble Guppies obsessed Grandchildren, the two year olds love coloring in this book, having me read the captions, and with help using the stickers. The book also teaches children some very very basic farm information. The 5 year old likes the activity pages best, and the 7 year old enjoys reading the book to the younger children but not the coloring or the activity pages. So all and all for less than \$5.00 this book holds hours of entertainment for children age 2 through 7 and is a good book for the price. Over 90 pages to color including 16 activity pages are spread throughout the book. The illustrations are printed front and back of each page, pages are perforated for easy removal and are very thin so only crayons work well with this book. (Markers and paint bleed through the paper, and sharp colored pencils tear the paper.) Activities: Include: 17 easy activities pages are spread throughout the book and include 6 mazes, 1 color by number, 1 connect baby animals to their mothers, 2 connect the dots, and 6 Circle (cows that are same) (chickens that are different) (tools a farmer uses) (things that don't grow on a farm) (tool needed to water the garden) and 1 (count the eggs) Cons: 1. The pages are thin and tear easily if a child tries to carry the book by a page. 2. The stickers are very small, 21 are smaller than a dime, 10 bubbles

and 10 small fish, and the rest are quarter sized. It is easy to remove them from the page.

My 2 year old daughter loves Bubble Guppies and so we thought this would be perfect for her. She loves to scribble in it because she can't really color yet. She is able to recognize the characters and seems to like looking at the colorful cover and stickers more than the coloring part. Give it time though. Overall, it's a good quality coloring book with lots of pages to color and I'd recommend it.

My little 1.5 year old loves it b/c she loves bubble guppies. She's already gone through the whole book! And it's nice that the pages come perforated so you can tear out the sheets and it provides a nice flat page for them to color on...one at a time. Stickers are a bonus!

Not much to say about a coloring book. The images are large with bold outlines making it easy for children to color on them. The puzzles are simple, and there's actually a bit of learning to be done with the story they tell.

Great for my little Bubble Guppies fan! There are coloring pages and activities such as mazes and dot-to-dots. I bought this at the same time as the Team Umizoomi book. The BG book I feel is more toddler appropriate with larger coloring pictures and the activities inside.

My 1.5 year old daughter loved finding this in her stocking at Christmas. Bubble Guppies are a favorite of hers, and it's a good quality coloring book. I would definitely buy more like this when the current one's pages are filled up.

The book is exactly as it says. It has over 50 stickers and there are plenty of pages to color. Can't ask for anything more. This coloring book is nice. Any kid who likes the bubble guppies will love this. I think the quality is good, as well as the price. I would recommend this.

This coloring book tells the story of the episode "Have a Cow". The pages are great and plentiful. The stickers are cute too. My kids LOVE the Bubble Guppies, and they love this coloring book.
