Customer Reviews

Got this for my male friend who rides a Harley and drives a truck when the weather prevents him from using his bike. He recently got into coloring books because I thought he might like it as much as his girlfriend and her daughter. I was right!!! He really likes it, as well as the Muscle Cars and the Lord of the Rings Movie coloring books I've gotten him. I'm surprised and pleased with how many men I introduce to coloring books that really like them a lot. One man I gave Famous Trains and Planes of World War II does the best & most outstanding coloring I have yet to see. You go Guys!!! I first got the idea when I saw how many reviews were written by men! Surprise!!!!!!

I'm giving a 5 STAR because my kids love the pics of the trucks in here. Pages are double sided. I wish they were single sided because it's more difficult to water color with but the pics are great! Paper is of good quality!

I really like this book, but it would be so much better if they were only one page. when coloring with a page on the backside, it is hard to use gel pens and markers without it bleeding thru on to the next page.

If you're looking for a coloring book of antique Ford, Dodge, Chevy, International and other pickups, this isn't it.

BRUCE LaFontaine makes great intermediate coloring books ,would be nice if only printed on one side.

My husband loves this book! It is fantastic for the car guy in your life!

Very awesome coloring book, nice white pages, good quality pictures, and nice little info with each picture. We always look for good coloring pages or books, it's definitely worth the \$.

It is a nice review of trucks. The pictures are a bit intricate which makes them hard for a small child to color. This might make a good adult coloring book. I hear that's popular today.
