Web Colors (Code Babies)

Synopsis

CODING FOR KIDS . . . Because itâ ™s never too early to start developing! Â Coding and web-design skills are becoming more and more important in our technological world. These concept books will familiarize young ones with the kind of shapes and colors that make up web-based programming language and give them the head start they need. Help your little ones learn how to specify web-safe colors with this hexadecimal lift-the-flap book, and get them started on the visual patterns and symbols that make up the essential building blocks of the web.
