Customer Reviews

This coloring book is amazing! I own 20+ coloring books and this is easily one of my favorites. I normally don't like coloring books with colored backgrounds in the design, but this book is the exception. I love the unique way in which Kristina designed. Plus, her illustrations are flawless and beautiful. This coloring book is a must have for anyone at any age who loves to color! You can easily use markers (the pages are thick enough that they won't bleed through) or colored pencils.

What a fantastic coloring book! Each page is gorgeous and so it is difficult to choose which page to do first! The art that you can color is really unique. I'm actually planning to buy another copy so I can

use different color schemes to experiment on my favorite pages. These coloring book will be awesome holiday gifts for my friends and family. Awesome job Kristina Webb!

This is so much more than a coloring book. It is a book full of unique, beautiful, works of art that allow you to join the artist in creating her work. Kristina's art is fun and uplifting and unique. Coloring her beautiful drawings is relaxing and good for your soul! A great way to bond and relax with your teenage daughter.

I wish I could give this book 10 STARS!! Kristina is so talented and it shows on every page of this book. The variety of amazing designs sets this book apart and makes it a true joy to complete my "own" artwork. Looking forward to continued inspiration from Kristina and her immense talents!!

Colour Me Inspired is the best book of this type I have come across. There are so many on the market now and this book stands out from them all. The pages are all different and colorful making each new page exciting. The artwork and photography is incredible and I want to put each page on my wall. Thank you for creating this amazing book and I'm going to buy copies for all of my friends !
